

Bricklaying Diploma Level 3

This full-time Level 3 bricklaying course will allow you to move into the workplace at a more advanced supervisory level.

To work on a construction site you need to have a Construction Skills Certificate Scheme (CSCS) card, which covers essential health and safety, however if you wish to earn more than a labourer, gaining a technical skills qualification will provide you with a great start to a career. You can train full-time with us for up to three years with the option to move in to an apprenticeship at any time.

✓ Ideal if

You would like to take your skills to a higher level and move into the workplace at a more advanced supervisory level.

☰ You'll need

GCSE English and maths at grade 4 or above, and a relevant Level 2 qualification.

🎓 You'll learn

Topics covered in this programme will include advanced specialisms such as the construction and design of complex structures, curved walling, decorative brickwork and facias, planning and pricing projects, conservation, refurbishing and restoration.

Upon completion of this course you will be able to work in creating complex masonry structures such as chimney stacks, tunnel linings and decorative stonework and rendering.

❓ Expect

There will be practical tests throughout, plus written assignments and examinations to ensure you have a broad theoretical understanding of the sector as well as advanced-level skills.

♥ You'll love

Learning the specific skills you need to join the industry, with an average of up to £30k per year for experienced builders.
