

Plastering Diploma Level 2

Plastering is an essential finishing trade within the construction industry. Plastering tasks can be varied and consist of:

- Internal Plaster Finishes
- External render Finishes
- Screeding floors.
- Installing Sheet Materials

You could in time progress within the industry and deal with more specialist materials like:

- Specialist External Insulation Systems
- Venetian Plasters
- Flowing Screeds
- Design Screeds.

If you have an eye for detail you will excel in the plastering trade.

□ Ideal if

You have previously completed a level 1 Plastering Diploma and are able to draw on skills that have been learnt to date to finish a wider range of walls and floors to a very high standard.

□ You'll need

GCSE grade 4 in English and maths to enrol on this course and previous experience through Level 1 Plastering Diploma or other site experience in plastering.
