

## IT Professional Competence Apprenticeship

### □ Ideal if

You enjoy working in a technical environment and would like to kick start your career in IT.

### □ You'll need

two GCSEs at grade C or 4, including English, mathematics or IT and be employed in a relevant role.

### □ You'll learn

The technical skills you need for a career in the IT industry; developing knowledge in a wide range of areas including CISCO, software installation and upgrades, technical fault diagnosis, installing and configuring ICT equipment and operating systems, and maintaining ICT equipment and systems.

### □ Expect

To develop your skills, qualifications and experience in using a variety of industry specific applications.

### □ You'll love

Using the skills you have learnt and applying them in practice to your job.

### □ You'll go on to

Another apprenticeship, employment within the IT industry or further studies on one of our Level 3 IT courses.

## Choose from these course options
